Subject: Re: town meeting

---

yes, tomorrow should be fine. I hope you don't get sick, too! I just want to go over some numbers with you on the Hanson town stabilization accounts and free cash that was used to pay for the Hanson Middle School HVAC at town meeting. I think it will be helpful as we move towards solving this funding issue. Thank you and talk tomorrow.

Dawn

It's important regarding how Hanson Finance Committee and Board of Selectmen decided to pay for these 2 HMS HVAC loans at town meeting, and how they are funding the reserve line and snow & ice lines at town meeting. My # is 781-635-6860 if we can touch base soon. Thank you!
