- Technology Services

Good Afternoon,

I wanted to follow up on this email with some additional information about Net Metering Credits and to see if you had any questions.

If you would like to make any one time net metering credit transfers, please complete the attachments and send back to me by February 1st or you can submit the forms yourself on the portal <https://gridforce.my.site.com/s/homepage> using the contact us button.

No action is required, but it is the time to make any transfers if you would like.

I am attaching a spreadsheet of the accounts for your town and the excess metering credits (column V) if any, to help you decide if you would like to make any one time transfers.

Some things for you to consider when it comes to Net Metering Credits:
