

The Capital Committee did meet last night and discussed all capital requests. I believe Don Esson, Capital Committee Chairman will be reaching out to the district soon to request documentation of the quotes used to support the district's requests.

If you have any questions, please do not hesitate to contact me.

Thank you,

Mary Beth

**Subject:** RE: Capital Request Forms

Hi Jennifer,

The email below regarding the District's capital requests was received on 2/12/24. It appears that additional capital items were requested above the total that was originally emailed to the Town on February 7<sup>th</sup>, the date the warrant closed. The Capital Committee is meeting tomorrow evening to discuss all capital requests.

Thanks,
