Subject: FW: MSBA/Whitman-Hanson RSD – Whitman Middle School Project Funding Agreement

Fred,

I sent this information over to Jeff and Jenn last night so that we can fast track getting the complete and back to the MSBA. This is the final step to start getting reimbursement, so it is important to get this turn around ASAP.

Please note that this all will look very similar to what we just recently signed, but it is slightly different. The documents signed before was the Project Scope and Budget Agreement (basically a contract between the District and the MSBA). This document is the Project Funding Agreement (basically the document defining payments for that contract)

I was at the Superintendent's office today and reviewed this information, with both Jenn and Jeff.

At that time Jenn had already started to address the 5 items we need to do. The only one she can not do right now is #3.

For #3 we need to have a vote of the SBC to authorize Jeff to move forward with execution, and then we need to certify the minutes of that vote so that we can get them to the MSBA.

I think the best/quickest way to do this is to have a meeting of the SBC next week on Wednesday (soonest we can). I am thinking Wednesday 06/05/24 @ 4:30 pm?

I would recommend this meeting be over zoom and have only 1 agenda item, which would be review of the Project Funding agreement / voting to authorize Jeff to execute that agreement. This will make this a very quick meeting over all.

The reason we want to do this now, is we can then get the minutes drafted and the following week on the regularly scheduled meeting (06/11) we can approve the minutes and then get them to the MSBA.
